

Leaders form.

Kia ora potential team leaders!

Being a leader is a big deal, when people were made God told us to rule and lead on earth, but we didn't do a very good job. Then Jesus flipped upside down what we would naturally expect ruling to mean and instead showed what it really meant to rule and lead. He served and loved and sacrificed his life for his "subjects." Obviously, we can't do it perfectly because we're not Jesus, but if we have the spirit of the living God inside us, He says that we are being made more like Him. So, if that's the way to truly lead, I think we can have that same attitude, to lead not for our own power but for the people were leading. So, in order to lead well we need to be growing more like Jesus, faithful, available and teachable.
